IPD nabs man for drug possession

Man also possessed 'Church Street' sign that belonged to the city

By Rhonda Smyth
CV&T News Editor

**Danny Angel**

Information gained from a traffic stop last Tuesday, led Irvine Division of Police Officers to arrest a local man on drug charges.

Danny Angel, 48, of Court Street was arrested after Chief Brad Smith obtained a warrant to search his home, using information provided by a confidential informant.

Smith said he observed a man driving a black truck with suspicious tags leaving Church Street. When Smith stopped the truck and requested information on the license tags from the Kentucky State Police, he discovered that the tags had expired.

Smith asked the driver to allow him to search the vehicle. During the investigation the man claimed to have bought drugs from Angel, leading Smith to get the warrant.

Smith's report states that while he was executing the warrant he found a small canister that con-

tained pills in Angel's front pants pocket. The report states Smith and other IPD officers, found several Oxycodone pills in varying strengths.

Smith also found and confiscated other pills, including Saboxone, digital scales, chopping tool and a city street sign for Church Street.

Officers confiscated \$361, a food stamp card, a cell phone, three metal containers with pills, \$5 worth of change, bottles

Estill mourns death of local Farm Bureau agent

By Rhonda Smyth
CV&T News Editor

John Paul Tuttle, 93, a Kentucky Farm Bureau Agent for more than 60 years, died last Wednesday, Jan. 18 after a short illness.

Tuttle was the first agent/manager in Estill County when he began working for Farm Bureau in 1949, shortly after he returned from serving in the United States Army during World War II.

He was wounded when the ship on which he was sailing to South Africa was sunk by enemy fire, but due to a loss of records, never received the Purple Heart he deserved. Tuttle had dinner with President

Franklin D. Roosevelt and President Harry S. Truman (while he was vice-president). He was recruited by Bobby Kennedy to run his presidential campaign in Kentucky, but he declined, telling Kennedy "I am not a politician."

Tuttle attended the Hoys Fork and Thomas School. During his teen years he helped his dad survey in Estill and surrounding counties.

Tuttle married the former Daisy Winkler in 1944, who also became a farm bureau agent and worked alongside him with one of their sons, Michael.

Although he retired about seven years ago, he still came into the office most everyday to visit with customers and talk about all the

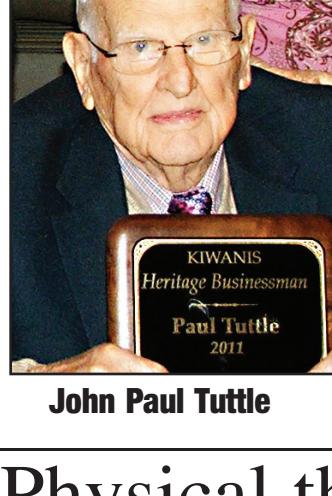

interesting things he has done in his life. Their other son, John Paul, is a urologist.

Tuttle was honored with a Heritage Business Award by the Irvine-Ravenna Kiwanis Club in November on Farm-City Night at Cedar Village Restaurant.

He will be greatly missed by the many friends and Farm Bureau customers he has served during his years in business in Estill County. He was widely known as a hard-working man with integrity.

Funeral services were held Saturday at the Crooked Creek Christian Church, at which Tuttle was an elder for nearly 50 years.

A complete obituary is on page A6.

Physical therapist will retire in February

By Rhonda Smyth
CV&T News Editor

Jim Click, a physical therapist at Marcum & Wallace Memorial Hospital for the past 25 years, has announced his intention to retire. Feb. 3 will be his last day.

Originally from Jackson County, Click is a graduate of Sand Gap High School. He began his career 35 years ago upon his graduation from the University of Kentucky in 1976.

He came to MWMH after working in Hyden and at Pattie A. Clay Hospital in Richmond. He also worked at a nursing home and for home health.

When asked how he came to be working at the local hospital he said "they were looking for a physical therapist and I thought the area was similar to Hyden where I had a good experience in a small hospital setting."

Click said he has enjoyed watching the hospital

evolve into one with a full time emergency room, the services of 20 physicians and several specialty clinics.

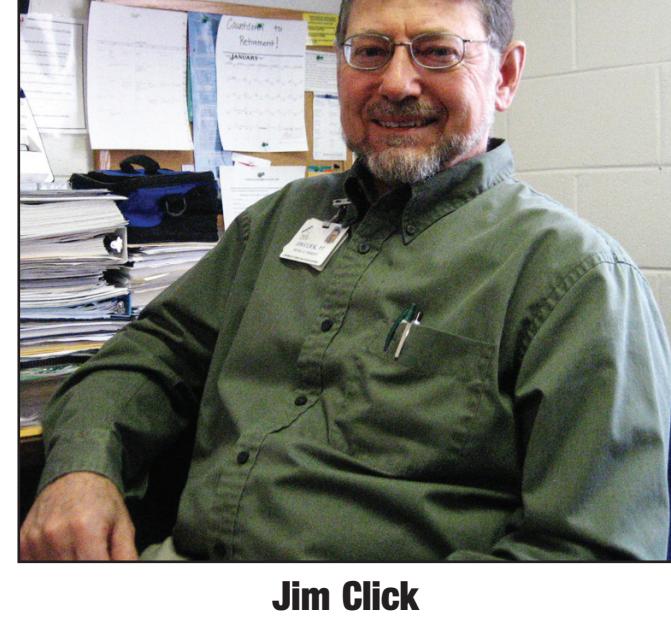

"When I first came here, we had Dr. Terry, Dr. Virginia and Dr. Patterson here and Dr. Clouse for surgery in Richmond," Click said. "The emergency room was only open during the day back then."

The changes in the physical therapy department since he began as a therapist, he said, mostly has to do with the number of patients they see, not the equipment.

"Our therapy is hands-on. We have always taught people things they can do at home without equipment," he said. "Our biggest change over the years has been in the volume of patients."

For the past eight years, Click has worked with the Estill County High School Football Program.

"It's a fun thing to do and I hope it is a value to the school and the kids," he said. "I hope to continue to do some of that after I retire."

Jenny Owens shows off one of the brand-new computers at the Estill County Public Library.

Estill Public Library is now a 'Public Library Workforce Center'

By Lisa Bicknell
CV&T Staff Writer

Several brand-new computers with lightning-fast internet service are now available for public use at the Estill County Public Library.

Funded by a government grant, everything is new about the computers from the keyboards to the monitors to servers to firewalls.

There are five desktop computers that are available to the public and eight laptops to be used

in classes.

Library director, Glen Kahmann says the computers were funded by an American Reinvestment and Recovery Act Broadband Technology Opportunities Program grant.

With the provision of these new computers, the library has become a "Public Library Workforce Center," one of 46 across the state. Free workshops will soon be conducted on resume' building, online job hunting and computer/email basics. Trained

librarians are available to help with job searches.

The first free workshop will be about resume building and will be held Feb. 6, from 10 a.m. to 11:30 a.m.

A library card is needed to access the computers, although a guest pass can be provided to non-residents.

For parents' peace of mind, the new computers have a filter to protect minors who access the internet from obscene material.

The library is a hap-

pening place these days. Kahmann says the "door count has skyrocketed in the past couple of years."

Besides books, some of the services the library offers are movies, music, child and teen programming and a book club that meets once a month.

Another forthcoming service of the public library will be the ability to check out "e-books" for downloading onto personal reading devices.

To inquire about any of the public library's programs, call 723-3030.

"I have a lot of things I have been putting on the back burner. I have a small farm and raise beef cattle. I hope to get back into doing some gardening. I also have a sawmill and I'm going to build a barn," he explained. "I've always had a broad interest in history and reading."

His daughter, Kendra Robertson, a physician's assistant in the office of Dr. Ong, lives next door to him. His wife, Frances, babysits his two grandchildren. They are Gracie, 6, and Micah, 2 and he plans to spend more time with them.

"I have appreciated the time I have spent here. I have learned a lot from my older patients. Physical therapy has given me the opportunity to spend more time with people and get to know them," he said. "Being able to relate to people in this area has made the job easier and more rewarding for me."

Diane Reynolds, a secretary in the physical therapy department was moved to tears when she thought about her boss of 23 years leaving.

"I have worked with Jim for 23 years and I will always cherish them. He's been my boss, but more than that, he's been my friend. I'll be losing my best friend at work. I couldn't have asked for anybody better to work with," Reynolds said.

Community Relations Director Elizabeth Walling said the hospital will continue to provide quality physical therapy/rehabilitation services to its patients utilizing therapists from King & Points Rehab services.

Marcum & Wallace Memorial Hospital and King & Points Rehab Services will host a community reception in Click's honor on Tuesday, Jan. 31, from 4-6 p.m. at the hospital. The public is invited to attend.

Academics teams present Appalachian Culture Night

By Rhonda Smyth
CV&T News Editor

The Estill County High School and Estill County Middle School academics teams are planning their eighth annual Appalachian Culture Night for Feb. 11 at 6 p.m. at the middle school cafeteria.

This annual event serves as a fundraiser for the two groups and provides great food and entertainment for the entire family.

Dale Pyatt and the Chicken Grease Band will be returning to entertain for a second year. Pyatt is a singer/songwriter who believes in community service and has supported the St. Jude Children's Hospital for many years using what he calls "love, peace and chicken grease."

He also wrote "Run, Secretariat, Run" for the movie, "Secretariat."

In addition, members of the academics teams will serve the guests barbecue on bun with slaw, baked beans, chips, iced tea, lemonade or coffee and dessert for \$8 per meal. There will also be a silent auction.

Pyatt will have a selection of CDs for sale.

This is becoming a wonderful tradition and a way for Estill County to support its best and brightest students while enjoying an evening of fun.

Everyone is invited and welcome to attend.

Irvine Council denies license to Saboxone clinic

By Rhonda Smyth
CV&T News Editor

The Irvine City Council denied a privilege license to the man who originally asked to open a pain treatment clinic. This time he wanted to open a Saboxin/Rehab clinic.

Nena Dunaway appeared before the council to represent Jerry Burnham, the man who made the license application.

She told them that she wanted to help the community with the problem and if allowed to open the

clinic, it would serve surrounding counties as well as Estill County.

"We chose to do a bad thing in the beginning, but now we want to help people get off of drugs," Dunaway said.

She also said she had put her life savings into the building that is located on River Drive. She said they had made a beautiful doctors' office there.

Mayor Ernest Farmer told her that at present they didn't have a lease on the building in which they proposed opening

the clinic. She replied that Mr. Burnham would take care of that the next day.

Councilman Tim Burkhardt said that the name of the business "Greater Kentucky Wellness Center," the applicants' name and the address of the business is the same as it was when the application was made for a pain clinic.

"The only thing that has changed on this application is the description of the type of business you want to open from a pain clinic to a drug treat-

ment center," Burkhardt said. "I make a motion we deny the privilege license for the same reasons as when we denied it the first time."

The council denied the license for the pain clinic back in October because the applicant opened and began to conduct business without the required license, showing a disregard for city regulations.

The council agreed and denied the license.

Dunaway was visibly upset and left the meeting in tears.

In other business the

council recognized Curt Napier, pastor of the Irvine First Church of the Nazarene. He said he was born and raised in Kentucky and after living and working in Michigan, he and his wife returned to Kentucky after he retired.

He requested that the council meet with the local ministerial association to discuss what the organization can do to help the people in the community.

Farmer said he thought it would be a good idea and told the pastor to

make the arrangements and let him know when and they would work it into their schedule.

A privilege license were granted to open a thrift store on Main Street in the old Lunch Box location. The store will feature used furniture, appliances and clothes.

Farmer asked the council to keep in mind that the city's 200th birthday is this year and to be thinking of ways to celebrate it.

Estill Fiscal Court votes to dispatch constables

By Rhonda Smyth
CV&T News Editor

Constables will now be dispatched to cover accidents and incidents, the same as the Estill County Sheriff's department, Irvine Division of Police and the Ravenna Police Department.

At a meeting of the Estill County Fiscal Court last Tuesday at the courthouse, the court voted to have 911 dispatchers treat constables as they do other law officers. Judge-Executive Wallace Taylor voted no.

District One Constable Danny Conrad made the request after giving a long report to the court about his activities for the past year. He told them he served 85 warrants and 43 citations.

"I feel I deserve to be dispatched and treated like other law officers," Conrad said.

Conrad went on to tell the court that he has been to several training sessions and wanted to attend the Department of Criminal Justice Training to receive the same training as other officers.

District One Magistrate Gerald Rader said he didn't want to be rushed into voting for anything, but he didn't understand why Conrad couldn't be dispatched.

District Two Magistrate Darrell Johnson said they

couldn't vote to just allow one constable to be dispatched, that all three constables that serve Estill County would have to be included.

District Two Constable Earl Young ended the discussion when he made the motion to allow dispatchers to dispatch constables.

In other business Estill County Clerk Sherry Fox told the court that she has \$19,500 left on the grant she received for new voting machines and that she had two choices of what to do with it.

"We can purchase more equipment or send it back to the state," she said. "I would like to purchase four extra machines. I have to spend it by the end of June."

The court approved.

Taylor told the court that Estill County Water District Number One commissioner, Jerry Arnold, told him his term was about to expire and requested that he be reappointed.

The court agreed.

The court also accepted the water district and the Powell Valley Water District's budgets into the minutes.

Estill County Fire Chief Derrick Muncie gave his annual report. He told the court the department had a total of 310 runs for 2011 with 31 being mutual aid

runs with other departments.

Muncie said they had responded to 14 building fires and four mobile home fires. The highest number of runs was to investigate unauthorized burns.

"People call in and say something is burning and it is usually somebody burning trash," Muncie said.

The department also went to 97 accidents.

Muncie reported on the condition of all the trucks in the department's fleet, giving the mileage on each and the number of runs in which they were used in 2011.

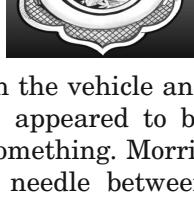

Muncie figured average times it took to have a truck on the scene of a fire after the emergency tone sounded. He said it took approximately 1.5 minutes to have a truck enroute and 10 minutes for it to be on the scene from the time it is toned.

These times were while the station is manned during first and second shift. The time increases significantly during the third shift hours (midnight and 8 a.m.). It takes about 12 minutes to get a truck enroute and 23 minutes to arrive on the scene.

The department has already been to three structure fires and five vehicle accidents in just the first weeks of the new year.

Estill County Sheriff Howell arrested

Estill Deputy Sheriff Russell Morris arrested Beatrice Howell, 31, of Pea Ridge Road, on Jan. 10 and charged her with receiving stolen property, under \$10,000.

Morris' report states

that Howell sold a 1998 Chevrolet Blazer to Charles Jones for \$150 and that the vehicle was stolen from Paris. The owner of the Blazer is William Turner.

Bail was set at \$10,000.

Sparks cited

Jennifer Sparks was

cited for possession of drug paraphernalia and possession of a controlled substance on Jan. 17. Deputy Morris was the charging officer.

Morris' report states that he was dispatched to Opossum Run Road to investigate a suspicious vehicle. When he arrived, he noticed there was a

female in the vehicle and that she appeared to be hiding something. Morris found a needle between the seats and two pieces of a Saboxone tablet in an Aspirin bottle.

Sparks is required to go to court to answer the charges on Feb. 15.

BGABDO will host Blue Grass Unite seminar

Blue Grass Army Depot's Business Development Office (BDO) will host a Blue Grass Unite seminar at the US Armed Forces Reserve Center in Richmond, Ky., on Wednesday, May 16, and Thursday, May 17.

The Blue Grass Unite (BGU) seminar is an effort to unify and promote industrial growth in the Blue Grass Region of Kentucky through public – private partnerships. This seminar will explain and demystify the procedures for becoming a government source of supplies through workshops, classroom training, keynote speakers, and a tour of the depot.

BGAD hopes to break down the barriers that many businesses feel exist when attempting to submit or obtain a government contract. BGAD also hopes that BGU will lift the stigma that surrounds the storing of chemical munitions, specifically on the depot.

BGAD expects that BGU will lead to one or more

public-private partnerships with the depot that will propel BGAD's industrial capacities, generate revenue, and create and/or secure BGAD's manpower assets.

Some of the major areas that BGAD will showcase during BGU include:

- Industrial Services Division
- Paint facilities
- Maintenance facilities
- Morale, Welfare, and Recreation's Quality Recycling Program (MWRQRP) facilities
- Logistical capabilities
- Mock igloo demonstration

Contact BGAD's Business Development Office at (BDO) 859-779-7253 or email bgad-bizdev@us.army.mil for more information on Blue Grass Unite.

OPINION

Sen. Jared Carpenter

Sen. Carpenter introduces himself

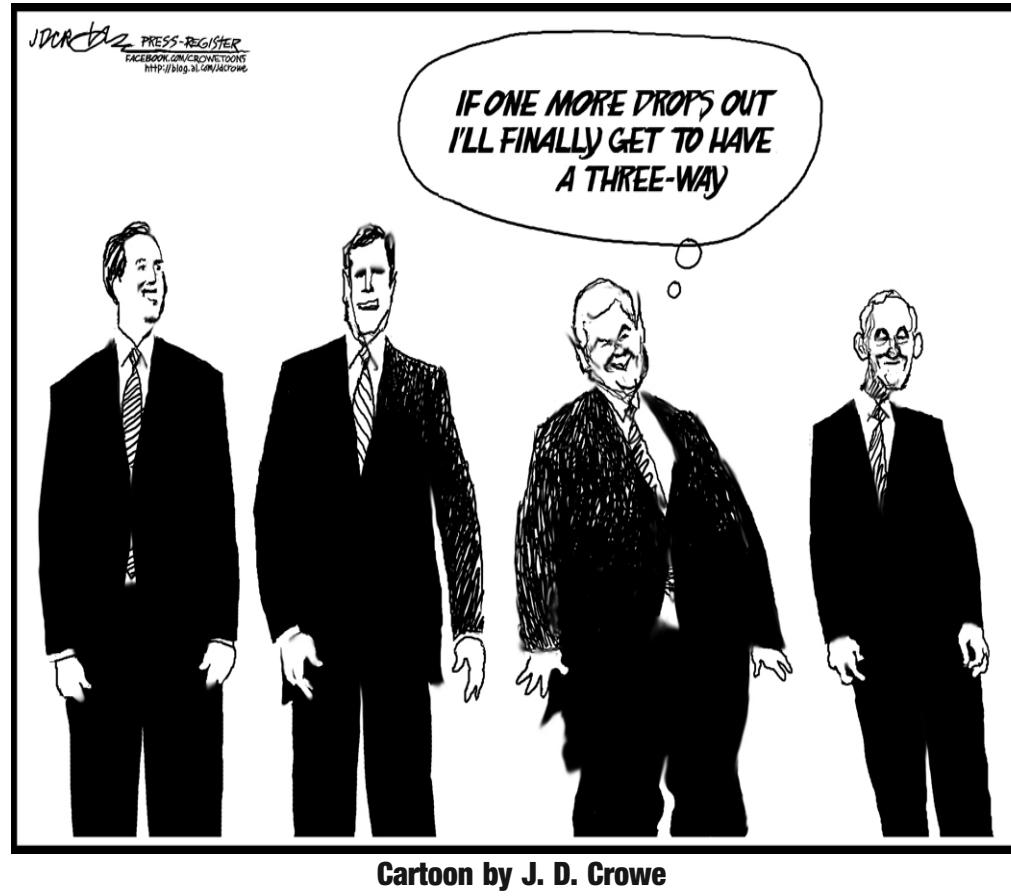

Hello! My name is Jared Carpenter and I am your new state senator. It is our Constitutional duty every ten years to realign our voting districts according to population after each census. This act fulfills the requirement of one man, one vote. Because of population shifts, the 34th State Senatorial District now includes Estill County in addition to Madison and Rockcastle counties. (The final congressional district lines are still being discussed between the chambers.) Senator Tom Jensen and I have already talked about the needs and promise of the communities in Estill. I'm very happy to represent you because I have many friends and associates there. I look forward to visiting with you all and hearing first hand your concerns. Every week during session (and quite frequently outside of that), I write an update from Frankfort discussing the important issues being debated and voted on. I look forward to sharing my thoughts and votes with you.

Before I dive into issues, however, I wanted to tell you a little bit about me. I currently chair the Budget Review Subcommittee on Education. I also serve on the Appropriations and Revenue Committee; the Banking and Insurance Committee; the Economic Development, Tourism, and Labor Committee; and the Education Committee. I am a member of the Capital Projects and Bond Oversight Committee. I graduated from Eastern Kentucky University with a degree in Communication and a minor in Business Administration. I am a banker with First Southern National Bank. I live in Berea and I am the father of two wonderful children, Cole and Jaren Cate.

Now, back to the business at hand. On Tuesday, the Governor gave the Budget Address outlining his priorities for Kentucky's budget. As I have been warning, we have close to a billion dollar shortfall; \$742 million to be exact over the biennium. I was glad to see that the Governor took a more realistic approach to the budget this time and didn't use phantom gambling proceeds to fund programs. He also proposed cutting certain agencies by 8.4 percent. However, the Governor then proposed about \$800 million of additional spending. He is funding new programs and initiatives while applying severe cuts to other parts of government. This does not make sense to many of us in the Senate.

The House of Representatives has assigned the budget proposal to their budget subcommittees. When they have finished putting their mark on the document and the House passes the bill, the Senate will then have our turn at reviewing and revising the proposal. I will keep you updated on that process.

Deadline for letters to the editor is Friday at 4 p.m. Letters must be signed to be printed and include a telephone number for verification.

Ted's Frankfort Report

Lawmakers look at state's finances

Lawmakers began digging into the details of the state's finances this week. We heard the Governor's proposed two-year spending plan in a joint session with the Senate on Tuesday.

There was some good news in the governor's budget address. First, state revenues continue to improve. Second, essential state services like Medicaid, state prisons and funding for K-12 schools will likely be exempt from any approved budget cuts over the next biennium under any forthcoming House budget proposal, as indicated by some key lawmakers.

Then, there is the not-so-good news. The governor's proposal cuts most of the rest of state government around 8.4 percent. While smaller cuts have been suggested by the governor for higher education, local jail, juvenile justice and a handful of other areas, a cut is still a cut, and it is painful.

Now, the governor's budget is in the hands of multiple house budget subcommittees and the House Appropriations and Revenue Committee. When their work is completed, we will consider it in the full house before passing it on to the senate.

We also came closer to accomplishing the task of redistricting. The senate voted earlier this week on house redistricting plans for state legislative, congressional and judicial districts then returned the plans to the house for final passage. With the exception of the congressional district map, we sent the plans on to the governor's desk to be signed into law. Select members from each chamber will be meeting in a special legislative "conference" committee to work on a compromise for the state's six congressional districts.

Several other bills were considered this week, as well. Perhaps the most-

Ted Edmonds
State Representative

watched was HB 216, a measure that would increase Kentucky's school dropout age from 16 to 18 with hopes of ramping up the state's still-lagging high school graduation rates.

Keeping Kentucky children in school until they graduate has long been a priority of the Kentucky General Assembly. We know that

high school graduates earn more in their lifetime, and enjoy a better quality of life, than those who drop out of high school.

The issue of "digital citizenship" was also taken up in the house. Being a good digital citizen, according to HB 91, is knowing the risk and rewards—including the rights and responsibilities—of being a user of computers and technology. HB 91 would help guide school employees and students to be good digital citizens by requiring school boards to adopt "acceptable use" policies for use of school technology by school employees as well as update student behavioral codes to include rules of good digital citizenship for school children. Supporters of HB 91 say the bill is not intended to set policy for schools, but rather to guide schools as they set their own policies addressing the proper use of digital devices.

Fiscal Court gets tough

The Estill Fiscal Court, presided over by County Judge B.L. Brandenburg with Magistrates L.C. Treadway, Dillards Stevens, and Roy Fox in attendance adopted a stern order at its January 12 meeting regulating the conduct of the county road employees. Here's the motion and order entered on the order book supported by Treadway, Stevens and Fox:

"Ordered that any road employee caught stealing from the road department or being on the job under the influence of alcohol be fired by any member of the fiscal court."

Looks like the employees will have to be honest and stay sober, at least while at work.

The court entered another order directing that six parking meters on Court Street be removed. The motion was made by Stevens and seconded by Fox but Treadway was recording as "not voting."

Estill High Homecoming Schedule

Estill Countians stay near TVs during war, show support for Operation Desert Storm

Local reaction to Operation Desert Storm, the war with Iraq - range from anxiety, fear and depression to a desire to see something else on television; but most people interviewed expressed resolve that America is doing what has to be done in the war, and support for American troops fighting the war.

"It just makes me sad, I just wish it would be over," Sue Wiseman said outside her flower shop on Broadway across from the Estill County Courthouse.

Clarence D. Noland, Jr., 84th District State Representative from Sandhill said, "No one wants war. It had to be done. Better do it now than five years down the road when he could have nuclear capability."

"Talk is cheaper than shooting. We should have used more diplomacy and given the sanctions more time to work," said J.W. Henderson. "I realize there comes a

time to fight, but this time it was not appropriate."

Local Hospice marks 1 year of service

Hospice of Kentucky River opened a branch in Estill County on January 10, 1990. In the past year we have served 20 patients and their families. Deep friendships and commitments have evolved through these relationships.

The volunteer staff is a vital part of organization and we could not effectively function without their love and time commitment.

Drug Bust at the Oak Tree Inn

The Oak Tree Inn was the site of a large drug bust Saturday night. Estill County Sheriff Gary Freeman and Deputy Ricky Estes went to the local motel to serve an arrest warrant on a 22 year old Berea man when they discovered a much larger problem.

Drugs and drug paraphernalia, as well as weapons and money were seen inside the room, and the officers contacted KSP for assistance.

Freeman and Estes discovered nearly five pounds of marijuana, 1/2 ounce of cocaine, five weapons, drug paraphernalia and money.

LAST WEEKEND, I SEALED MY AIR DUCTS AND MY WALLET.

And boy, is it paying off. By sealing all the air ducts in my home I started keeping a lot more air and money inside it. About \$177 per year to be more exact. What can you do? Find out how the little changes add up at TogetherWeSave.com.

West Irvine Elementary celebrates the 100th day of school

While many students wore shirts that displayed items such as 100 bows, 100 UK signs, 100 pennies, and 100 balloons, many 5th grade students celebrated the day coming to school dressed as a 100-year-old person.

Many of the day's lessons included historical events of the last 100 years and predictions of the next 100 years. Some students practiced budgeting and spending \$100 for groceries using local ads. It has been a great day at West Irvine Elementary. Our district usually misses numerous days of school in December and January due to inclement weather and this is the earliest we've made it to the 100 day mark in some time...having only two snow days this school year. What a reason to celebrate!

ECHS juniors and seniors are earning college credit

In an effort to better meet the needs of our students, Estill County High School is now involved in several dual credit and college credit classes. Classes are taught at Estill High and many are taught by Estill's staff. Several teachers have returned to school to become certified to teach at the college level. The new program provides opportunities for Estill High students. The classes are open to juniors and seniors who have met the GPA and ACT requirements. The classes are free because of several grants and the Gear Up Program. The school has also been able to purchase the books for the

students. There are two colleges currently participating, Morehead State University (Early College Program) and Eastern

Kentucky University (EKU Now Program), but all credits are transferable to most any college in the state. Currently

there are 80 students taking college courses with a collective total of 815 college credit hours that will be earned this year.

Estill High is currently being recognized by the Office of the Commissioner in the Kentucky Department

of Education for making great strides in college and career readiness.

West Irvine Elementary four time winner of district attendance banner

West Irvine Elementary was the recipient of the monthly district attendance banner for the fifth month of school with an average attendance of 94.39 percent. They have won the banner four out of five months. Their average yearly attendance is 95.22 percent. Pictured with Director of Pupil Personnel Skip Johnson (left back), Principal BJ Martin and Superintendent Bert Hensley are some members of the fourth and fifth grade classes.

Lost, but not found...yet

Lisa Bicknell
Columnist

Mary Mays have a knack for finding long-lost items when she's discovering in the summer that's missing for her luck, seems to be out when it's own loss.

Mary says she lost her prescription glasses around Thanksgiving. She's looked high and low for them ever since.

"They cost almost two-hundred dollars after the insurance company paid its share," said Mary.

She's retraced her steps to four towns—Mt. Sterling, Winchester, Richmond and Irvine. She's asked around at Golden Corral, all the Goodwill stores, the hospital, nursing home, McDonald's, local grocery stores and Walmarts in three towns.

Although her glasses haven't turned up yet, Mary says she's made another interesting discovery. Nearly all the places she's looked have a good-sized

assortment of other people's glasses, keys, credit cards, food-stamp cards, etc. in their lost and found departments.

"You wouldn't believe the amount of stuff these places have," Mary laughs. "I haven't found what I'm looking for, but I've found a lot of other people's stuff."

Mary says her specs have rectangular lenses and are brown with a lacy pattern on the inside. She says they are the same brand as one of the well-known makeup companies, possibly L'oreal, but she can't remember for sure. They also had sunglass clips on the frame.

"A lot of times I'd take them off and clip them to the front of my shirt," says Mary. She figures that's probably how she lost them.

"I'm still looking for mine, but I thought it might help somebody else out there to find their stuff if they knew to ask around."

Mary says she'd be willing to pay a \$25 dollar reward to anyone who can help her find her glasses. Call 723-6356 if you have any information.

And if you've lost anything, Mary advises, don't be shy about checking the lost and found departments of local businesses.

Party Meatballs

Irene Lutes, Irvine

2 eggs, beaten
1 (12 oz.) can evaporated milk
2 cups quick cooking oats
1 cup onion, chopped fine
2 tsp. salt
2 tsp. chili powder
1/2 tsp. garlic powder
1/2 tsp. black pepper
3 lbs. 95 percent lean ground beef

In large bowl combine first eight ingredients. Mix well. Add beef. Combine good. Shape into 1-inch meatballs. Place on greased 9 X 13 X 2-inch baking pans with sides.

Sauce to spread over them:

(Can be doubled if you like lots of sauce.)

2 cups ketchup
1 1/2 cups packed brown sugar
1/2 cup onion, chopped fine

Combine sauce and pour over meatballs. Bake uncovered at 325 degrees for one hour or until meat is no longer pink.

Fried Okra and Green Tomatoes

Judy Scrivner-Reed, Irvine

2 cups flour
1/2 tsp. salt
3 tsp. baking powder
3 to 4 Tbsp. shortening
3/4 cup milk
3 ounces shredded Cheddar cheese (optional)

Sift flour, salt, baking powder. Cut in shortening until it looks like coarse crumbs. Add milk all at once and mix until dough follows a fork around the bowl. Turn out on lightly floured board. Knead gently for 1/2 minute. Roll or pat 1/2-inch thick. Cut

and bake on ungreased cookie sheet in hot oven (400 degrees) 12 to 15 minutes. Makes 16 medium biscuits.

Food for the Soul

Philippians 2:5-6:
5Let this mind be in you, which was also in Christ Jesus:

6Who, being in the form of God, thought it not robbery to be equal with God:

Thoughts on This Verse... Jesus did not hang on to his heavenly glory, but surrendered it to save us. Now he asks us to follow his example and share his heart. He wants us to treat each other as he has treated us, thinking of others' needs and God's will before our own. Now that's one revolution I hope I get to see fully happen.

Request for Proposals

Architectural/Engineering Services

To Prospective Bidders:

The Housing Authority of Irvine is requesting proposals from interested firms to provide architectural/engineering services for 3 modernization programs funded by the Capital Fund Program CFP KY036-501 (10, 11, & 12) from the U.S. Department of Housing and Urban Development (HUD).

The construction budget total is presently \$290,000.00. This includes 2010, 2011, & 2012. The construction budget for 2010 is \$98,000.00, the construction budget for 2011 is 105,000.00, and the construction budget for 2012 is \$87,000.00. Although the construction budget amount for 2012 is not known at this time, it is estimated to be close to what we received in 2011. The amount given for 2012 is only an estimate and the actual contract amount for 2012 may be negotiated to reflect the actual construction budget amount. However the HA also reserves the right to entirely reject and re-solicit proposals for 2012 if the actual funding amount varies substantially from the construction budget amount, or if the A/E performance in year 1 (2010) is not to the satisfaction of the PHA. Proposing firms should submit their proposals accordingly.

Architects will be required to be registered for practice (licensed) in the State of Kentucky, carry Professional Liability Insurance and certify that you are not debarred, suspended, or otherwise prohibited from professional practice by any Federal or State agency.

Please respond with a letter of interest by January 24, 2012. Letters of interest may be sent by mail or FAX (606)723-3198. At that time you will be sent a packet of documents which will contain all pertinent information and forms you will need to submit your proposal. When you submit your proposal you will be asked to submit information addressing factors such as: principal qualifications, professional experience, quality of work, timeliness and compliance with schedules, conformance to budgets, knowledge of HUD regulations, HUD modernization experience, current user satisfaction, proximity, and price.

Final proposals must be received at the office of the Housing Authority by 4:00 PM local time, February 17, 2012 in order to be considered. All proposals will be reviewed and ranked based on evaluation factors.

23RD JUDICIAL CIRCUIT COURT
ESTILL CIRCUIT COURT
CIVIL ACTION NO. 08-CI-00071

PLAINTIFF

CITIMORTGAGE INC.,

vs.

JEFFERY A. TIPTON
and SHANTA R. TIPTON

DEFENDANTS

NOTICE OF SALE

By virtue of Judgment and Order of Sale by the Estill Circuit Court in the above cause, I will, on Friday February 3, 2012 at the hour of 9:30 a.m., at the Courthouse door in Irvine, Estill County, Kentucky, offer the respective interests of the above parties in the following described properties for sale at public auction, to-wit:

Property Address: 15 Wagers Mountain Road, Ravenna, Ky 40472

Beginning at an iron stake at Ky Hwy #52 right-of-way; thence a southerly direction 75 feet to an iron stake, and continuing a southerly direction 210 feet to an iron stake, a corner; thence a southwesterly direction 385 feet to an iron stake, a corner; thence a northwesterly direction 470 feet to an iron stake at Ky Hwy #52, a corner; thence following Ky Hwy #52 right-of-way 400 feet to an iron stake, and continuing in same direction 50 feet to iron stake at the point of the beginning.

Subject to any and all applicable restrictive covenants, existing easements, utility easements, right-of-way, provisions of applicable zoning statutes and ordinances, and rules and regulations of the Department of Health, if any.

Also regulation that might apply thru planning & zoning.

The above described property shall be sold upon the following terms and conditions:

1. The purchaser shall take the sale real estate free and clear of the claims of the parties to this action, but it shall be sold subject to the following:

- a. current year (2012) ad valorem real estate taxes affecting the real estate for which the purchaser shall take no credit on the purchase price;
- b. easements, restrictions, and stipulations of record;
- c. any current assessments for public improvements levied against the property; and
- d. any matters which would be disclosed by an accurate survey or inspection of the property.

2. The sale shall be made to the highest and best bidder or bidders. The successful bidder shall pay cash or make a deposit of one-third (1/3) of the purchase price, with the balance on credit for thirty (30) days. Any purchaser, other than the Plaintiff, who does not pay cash in full, shall be required to execute a bond, with surety thereon acceptable to the Master Commissioner to secure the unpaid balance of the purchase price and sale bond shall bear interest at the rate of 12% per annum from the date of sale until paid, and shall have the same force and effect as a judgment and shall remain and be a lien on the property until paid. The purchasers shall have the privilege of paying all of the balance of the purchase price prior to the expiration of the thirty (30) day period.

3. The successful bidder at sale, at bidder's own expense, may carry fire and extended insurance coverage on the improvements from the date of sale until the purchase price is fully paid, in an amount at least sufficient to cover a loss to the extent of the court appraised value of the improvements on the real estate or the unpaid balance of the purchase price is fully paid, in the amount whichever is less, with the loss payable clause to the Master Commissioner. Failure of the purchaser to effect such insurance coverage shall not affect the validity of the sale or the purchaser's liability there under, but shall entitle, but not require, any party adjudicated an interest in the real estate, after giving notice to the Master Commissioner, to effect said insurance and furnish evidence of the policy to the Master Commissioner. The premium of the insurance policy shall then be charged to the purchaser as purchaser's cost.

4. In the event the Plaintiff becomes the purchaser of the real estate at the Master Commissioner's sale, and if the Plaintiff's bid is less than its lien adjudged herein, Plaintiff may comply with the terms of sale by taking credit upon this Judgment without making the cash deposit or execution the sale bond as provided for in this Judgment.

Season opens

The Estill County Elementary Basketball League played their inaugural games of the season Tuesday with three games on tap. The format for the season is the same as last year with each of the two county elementary schools boasting three boys teams and two girls teams. The opening game pitted two Estill Springs teams against each other, the Celtics, coached by John Clem, and the Lakers, coached by Shannon Napier. The Lakers appeared to have more firepower this date as they prevailed by the score of 27 to 7. The Lakers were led in scoring by guard Matt Rowland with 17 points followed by Blake Johnson with 6. Logan Napier and Chris Turner scored two each. Ethan Spears scored all 7 of the Celtics points.

The second game of the evening featured the Blue Devils of Estill Springs versus the Wildcats of West Irvine. The Blue Devils are coached by Joey Rison and the Wildcats by Robbie Muncie. The Wildcats jumped out to a 11-2 lead the first quarter and never looked back as they won 32-13. Chase Muncie played a fine game in scoring 18 points for the victorious Wildcats. Micah Adams, Andrew Chaney, and Trenton Walker scored 4 each and Matthew Woolery 2. The Blue Devils were led by Parker McCreary with 7. Justin Rison, James Cohenour, and Conner Hall tossed in 2 each to complete the scoring for the Blue Devils.

Girls were featured in the nightcap game as Rookie Coach LaKrisha Floyd gained the first victory of her coaching career as her West Irvine Honey Bees outscored the Cats of Estill Springs 28-

13. Kiely Flynn and Mimi Richardson led the Honey Bees with 8 points each. Alyssa Sparks and Amelia Farmer scored 6 each. Coach Rick Bellamy's daughter, Megan, did most of the scoring for the Cats, throwing in 11 of her team's 13 points. Heather Walling scored the other 2.

Jan. 21 action

With the weather cooperating, Estill County Elementary Basketball League has been active. Three games were played Saturday with three more on tap for Monday night. In Saturday's action Estill Springs Lakers outscored the Blue Devils of Estill Springs 31-16. Logan Napier led the scoring for the Lakers with 16. Blake Johnson tossed in 8 points and was dominant in the paint. Matt Rowland contributed 4, Chris Turner 2, and Austin Warner 1. The 16 points scored by the Blue Devils was divided among 6 players. Parker McCreary scored 5, Tyler Fike 3, Chase Wainscott 3, Micah Swim 2, James Cohenour, and Tyler Sutter 1.

The Huskies of West Irvine squared off against the Celtics of Estill Springs in the second game. The Huskies had too much firepower provided by Joe Benton as he rang up 30 of his team's 47 points. Ethan Webb contributed 7, Lee Mills 6, Seth Masters and Austin Spivey 2 each. The Celtics were lead again by Ethan Spears who scored 15 of his team's 17. Trevor Evans scored 2.

The nightcap games featured girls as the Swish of Estill Springs played their first game of the season against the Lil Neers of West and the Swish rolled 37 to 15. Taylor Duechle scored 20 points and was dominant around the goal. Shatarra Stewart scored 13 and Billie Brooks 4.

Action will continue Saturday morning.

Monday with 3 more games on tap.

More games

Three more games were played in the Estill County Elementary Basketball League Thursday night. The West Irvine Huskies, under the direction of Coach Joe Smith, opened the night with a win over the Longhorns from West by the score of 38-27. Fourth grader Joe Benton is showing a lot of promise as a future all-star as he led all scoring with 30 points including two 3 point shots. Ethan Webb contributed 6 points and Austin Spivey scored 2. The Longhorns were paced by Chase Rawlings who tossed in 17 and Coach Mark Chaney's son, Conner, contributed 10.

The second game of the evening was a competitive affair between the Wildcats of West versus the Celtics of Estill Springs. The Celtics were playing their second game of the season and saw a much better performance from the group than the previous outing but were still outscored by the Wildcats by the score of 31-23. Micah Adams had an excellent game scoring 21 of his team's 31 points. Chase Muncie tossed in 8 and Trenton Walker 2. Ethan Spears was the big gun for the Celtics scoring 19 points and Trevor Evans scored the other 4.

The final game of the evening was a girl's contest. The Cats from Estill Corings exhibited much improvement over their first game scoring 33 points to claim the win 33-8 over the Lil Neers from West Irvine. Megan Bellamy was effective early scoring 16 points and Shelby Danyer caught fire the fourth quarter scoring 13 of her 15 points. Callea Smith scored the other 2.

Action continues Saturday morning.

Estill cheerleading train rolling on to state competition

The Estill County High School Varsity Cheerleaders are state bound once again. After many long practices and lots of hard work, they have once again tumbled, stunted, danced, and cheered their way to another Region 14 title as they defeated the Powell County Pirates in the KAPOS Super Large 2 1/2 minute cat-

egory at the Region 14 Competition on Sunday, Jan. 22 at Breathitt County High School. The sea of blue was quite impressive as many parents, grandparents, former cheerleaders, and an awesome student section helped cheer this team on to victory.

Taking home the trophy is not new for this Estill

County team. In fact, it has become their tradition as they have consistently advanced to state competition for many years, dating back to the schools tenure in Region 10 as well.

The team will now travel to Bowling Green next month for state competition.

Engineers beat rival Powell County twice in one week

Estill County played district rival Powell County last Friday night. The Engineers were out for revenge after suffering a 53-47 loss on the Pirates home court. After a hard fought game the Engineers came away with the win, 52-49.

Estill opened the game up firing on all cylinders, quickly putting up a 17 point lead in only the first quarter. This game is the definition of a rivalry in every meaning of the word, and the referees' were trying to keep it from getting out of hand. Every third or fourth trip down the floor there was a foul, and in some occasions a double foul. On the trips that a foul wasn't called, it seems there was a turnover, Estill had 17 alone.

Estill's top scorers include Trevor Jones with 19, Brandon Morris had 14, Trevor Jenkins had 6, Josiah Muncie and Trenton Jenkins had 4 points each, Colby Baber had 2, Chase Alexander and Dakota Evans rounded out the list with 1 point each.

In the fourth quarter is when things started to get interesting. At the start of the quarter, the Engineers had a 3 point lead.

Powell fought hard and at one point had a 5 point lead. Estill fought

and back after three free throws which ended up being the final margin of the game.

The Lady Engineers beat Powell last Thursday, at Powell County, the final score was 67-56.

The Engineers play Owsley County on Feb. 3 at 7:30 p.m. This game is also senior night, so be sure to come out and support the Estill County Engineers and the senior class of 2012!
